Faculty Position
at Clemson University, Clemson, SC

The Department of Mathematical Sciences at Clemson University invites applications for a tenure-track faculty position in applied statistics/statistics starting with the Fall 2017 semester. Faculty research areas in statistics include Bayesian methods, biostatistics, high dimensional data analysis, nonparametric statistics, reliability theory, and time series analysis. Targeted recruiting is for the assistant professor rank, but applicants at all ranks will be considered. Desirable attributes for candidates include an interdisciplinary research orientation in the statistics; post-doctoral, industrial, or practical experience; collaborative possibilities with faculty members in the Department and related disciplines; and an interest in innovative applications. Candidates should have strong potential or demonstrated capability for effective research and teaching in the mathematical sciences.

In addition to statistics, the Department includes the areas of algebra and discrete mathematics, analysis, bioinformatics, computational mathematics, and operations research. For further information regarding the department and its programs, please visit the web site http://www.math.clemson.edu.

An earned doctorate or equivalent is required for the tenure track positions. Review of applications will begin on November 1, 2016 and will continue until the positions are filled. Applications received by December 31, 2016 will receive full consideration.

Applicants should indicate their research specialties and interests in their cover letter. Vita, statements on teaching and research, and three reference letters should be electronically filed at www.mathjobs.org.

Clemson University seeks to attract an active, culturally and academically diverse faculty of the highest caliber, skilled in the scholarship of teaching, discovery, application, and integration of knowledge. The University is a doctoral granting public institution that enrolls about 22,700 students, including nearly 3,200 ethnic minorities. Fifty doctoral and seventy-six master’s programs are offered. The Mathematical Sciences department, offering Baccalaureate, Master’s, and Doctoral degrees, is fully committed to a culturally diverse faculty and student body.

Clemson University is an AA/EEO employer and does not discriminate against any person or group on the basis of age, color, disability, gender, pregnancy, national origin, race, religion, sexual orientation, veteran status or genetic information. Clemson University is building a culturally diverse faculty committed to working in a multicultural environment and encourages applications from minorities and women.
