The Mathematics and Statistics Department in the College of Science at California State Polytechnic University, Pomona (Cal Poly Pomona) invites applications for a tenure-track position in Statistics at the rank of Assistant Professor to begin Fall 2017. Join a growing and dynamic group of mathematicians, statisticians, and mathematics educators actively engaged in education and research.

The Position:
Your teaching assignment will consist of courses in statistics at the undergraduate and graduate level. It is also expected that you will engage in professional development, including scholarly research, and that you will serve on department, college, and university committees. It is anticipated that you will advise graduate students on thesis, prepare for comprehensive exams, participate in curriculum development, and statistical consulting.

Cal Poly Pomona has a student body with diverse socio-economic and cultural backgrounds and learning styles, and is looking for faculty who can work successfully in this environment. In particular, applicants whose work incorporates a global perspective and a commitment to diversity in higher education are encouraged to apply. Salary will be commensurate with experience and qualifications. Our excellent benefits program includes start-up funds and a reduced teaching load during the first two years.

Minimum Qualification:
- Completion of a Ph.D. in statistics or a related area by September 1, 2017

Preferred/Desired Qualifications:
- Any area of statistics will be considered, but preference will be given to candidates having expertise in one or more of the following areas: nonparametrics, time series analysis, spatial statistics, high dimensional analysis, bioinformatics, and statistical consulting
- Evidence of, or potential for, excellence in teaching
- Evidence of, or potential for, conducting scholarly research activities and directing Master’s thesis students
- Demonstration of ability to contribute to the diversity and excellence of the academic community through research, teaching and/or service, and a commitment to teaching and working in a multicultural environment.

Application Procedure: To be considered for the position, email a single PDF file including: cover letter, curriculum vitae, research statement, and teaching philosophy statement. The teaching philosophy statement must address how you would promote student success when working with a diverse student population. In addition, a minimum of three recent letters of reference should be sent separately by either mail, e-mail, or fax. Original graduate and undergraduate transcripts and an application form are required if selected as a finalist. Your application package or cover letter must address your background and interest with regard to each of the requirements listed above in the position description and qualifications. Your completed application packet will be available for examination by all tenured and tenure-track faculty of the Department of Mathematics and Statistics.
The position is open until filled. First consideration will be given to completed applications received no later than December 2, 2016. Early response is encouraged. Please address all nominations, inquiries, requests for application forms, and applications to:

The University: Cal Poly Pomona, one of two polytechnic universities in California, is a member of the 23-campus California State University system. Our student population of approximately 23,000 enrolls in 51 baccalaureate, 30 master’s degree programs, 11 credential and certificate programs, and a doctorate in Educational Leadership, presented by 1,200 faculty. We recruit successful and career-focused students from throughout California and beyond. We are proud of our status as a Hispanic Serving Institution. We have a strong commitment to supporting scholarship, research, and student achievement. Our scenic and historic 1,400-acre campus, once the winter ranch of cereal magnate W.K. Kellogg, is located about 30 miles east of downtown Los Angeles. Southern California is one of the most dynamic economic and cultural environments in the country, and the campus is within an hour’s drive of beaches, mountains, and desert. The university is committed to diversifying its faculty and staff and has made educational equity one of its highest priorities. The mission of the university is to advance learning and knowledge by linking theory and practice in all disciplines, and to prepare students for lifelong learning, leadership, and careers in a changing, multicultural world.

The Department: 27 full-time faculty, including 7 in probability and statistics. Undergraduate programs in pure math/secondary teaching, applied math/statistics. Graduate emphases in pure mathematics, applied math, statistics, & mathematics education. More than 600 undergraduate majors and 65 graduate majors. Serving over 5,000 students each quarter.

California State Polytechnic University, Pomona is an Equal Opportunity, Affirmative Action Employer. The University seeks to recruit and retain a diverse workforce as a reflection of our commitment to serve the people of California, to maintain the excellence of the University, and to offer our students richly varied disciplines, perspectives and ways of knowing and learning. Cal Poly Pomona subscribes to all state and federal regulations and prohibits discrimination based on race, color, religion, national origin, sex, gender identity/gender expression, sexual orientation, marital status, pregnancy, age, disability, genetic information, medical condition, and covered veteran status. The University hires only individuals lawfully authorized to work in the United States. As required by the Clery Disclosure Act, the university’s annual security report is available at http://www.cpp.edu/~police/annual-security-report.shtml The person holding this position is considered a ‘mandated reporter’ under the California Child Abuse and Neglect Reporting Act and is required to comply with the requirements set forth in CSU Executive Order 1083 as a condition of employment. A background check (including a criminal records check) must be completed satisfactorily before any candidate can be offered a position with the CSU. Failure to satisfactorily complete the background check may affect the application status of applicants or continued employment of current CSU employees who apply for the position.
